

MARKOPRINT X1JET HP

Markoprint

HIGH QUALITY MADE IN GERMANY

Thermal Inkjet Printers

The innovative Markoprint X1JET HP Thermal Inkjet Printer (TIJ) codes absorbent and semi-absorbent surfaces quickly, accurately, and reliably. It is designed for a wide range of applications in the food and beverage industry, as well as the chemical and pharmaceutical industry. Controller and printer are combined in one single unit, making the system extremely compact.

Key Features:

- Ease of use
- Reliability. No complicated mechanical parts
- Wide range of adaptability
- Configurations to meet varied production requirements

The X1JET HP TIJ printer from Markoprint combines a broad range of available features in a small and easy to use unit that will fit a variety of production environments. This versatile printer has the following special features:

Wide Range of Inks

- Water-based
- Solvent-based
- Prints on paper, cartons, coated surfaces, foils, and plastics

Controls

- USB data input
- Ethernet communications
- EIA-232 interface
- Optional Wi-Fi control

Adaptability

- Built in photo sensor
- Vertical or horizontal printing
- Compact size
- Various models to meet production needs

Controls

- Robust housing
- Simple 3-button built in controls
- Cartridge load
- Consistent print quality
